Wednesday was commencement day and witnessed the bestowal of medals, diplomas and certificates of promotion. A large crowd was in attendance to hear the graduating address which was ably delivered by Dr. Robert K. Gilmore, of Portsmouth.

President Hunter presided at all the public exercises and announced that there are bright prospects ahead for the institute next session. While he could have accommodated a few more boarders this year, he had about all that he could care for. Next year he will have more dormitory room and has already many more students in sight than he has this year. Very few of the present faculty will be here next year, among them, however, being Miss Virgie Jones, the lady principal, and Miss M. Eva Wright, the musical director.

TO BUILD NEW CONSOLIDATED SCHOOL HOUSE

LOWER JAMESTOWN IS GETTING ALIVE TO HER INTERESTS

The school board of Jamestown district, James City county, have decided to build a new consolidated school house near Grove for the benefit of the pupils of that section. The upper part of the district now has a fine four-room school at Five Forks which is said to be one of the best in the county. Now the other end of the district will have one equally as good, if that is possible.

Last Saturday the school board, composed of Messrs. T. H. Stryker, Ben Scott and E. M. Slauson, met here and arranged to sell at public auction the four school houses made vacant by the proposed new one at Grove and that at Five Forks. In this paper these four buildings are advertised to be sold at public auction on the premises on July 10. The proceeds will go toward the new building.

James City is fast consolidating its schools and within a few years will have a fine school for every district. The Toano school now ranks the best in this section of the Peninsula. It accommodates the pupils of Stonehouse and Powhatan. The Grove and Five Forks, with the assistance of Williamsburg, take care of the Jamestown children. The fact that James City is willing to be taxed to educate her children in decent houses and along modern methods speaks well for the wisdom, generosity and sagacity of her people.

5 or 6 doses of 666 will break any case of Chills & Fever; it acts on the liver better than Calomel, and does not gripe or sicken, 25c.

CELEBRATE ST. JOHN'S DAY MONDAY, JUNE 24

MASONS WILL SPEND THE DAY AT ST. GEORGE'S ON PICNIC

Williamsburg Lodge No. 6, A. F. & A. M., will appropriately observe St. John's Day, Monday, June 24, by holding a picnic at St. George's on James river. Preparations are now in progress for the occasion which promises to be one of much solid enjoyment.

Stewards F. R. Savage and B. F. Wolfe, the committee on entertainment, are busy preparing the luncheon for the day. It is safe to say that these brethren will see that there is nothing lacking for the satisfaction of the inner man.

Thad Hall and Frank Armistead, committee on transportation, are engaged in arranging for the itinerary and will have automobiles waiting at the hall at 10 o'clock Monday, to convey the revellers to the picnic grounds.

All members of the lodge, fellow crafts, and entered apprentices, and all visiting Masons are cordially invited to attend and help celebrate the day.

When your child has whooping cough be careful to keep the cough loose and expectoration easy by giving Chamberlain's Cough Remedy as may be required. This remedy will also liquify the tough mucus and make it easier to expectorate. It has been used successfully in many epidemics and is safe and sure. For sale by all dealers.

TOANO'S THIRD DEFEAT BY BARHAMSVILLE

NEW KENT BOYS USE THE STICK WITH TELLING EFFECT

Barhamsville, Va., June 18—Toano decided to wallop the boys from New Kent in good fashion last Thursday afternoon at Toano. New Kent allowed them to cross the plate six times in the meanwhile putting across three to their own credit. Then, when everybody on the grounds imagined easy victory for Toano, Barhamsville opened up the feed a little and the way the hits flowed from their bats was scandalous. They knocked the speed-machine so incessantly and with so little "meanwhile" between the "bumps" that he forgot all about "slippery-elm" and other devices used in shut out games, using his head only—that is to try to realize what was happening to him, which he failed to do until he was safely tucked away in center field.

N. H. Jennings went to the mound and faced W. Woodward. Nat took good aim and shot one of his best "zoo-zoos" across and the next thing he saw was a shining sphere sailing magnificently out into left field where a man was seen to pick it up and throw it back to the infield in time to keep Woodward from going to third. Of course this had no effect on the pitcher as he continued to throw the "ready-hi" ones across until three soft hearted bloats, playing with Barhamsville, came to his aid and retired the side.

Score by innings:
1 2 3 4 5 6 7 8 9
Barhamsville... 0 0 2 1 0 6 4 0
Toano..... 3 0 0 0 1 2 0 0
Barhamsville 15 hits, 6 errors, 13 runs.
Toano 9 hits, 6 errors, 6 runs.

Umpires Graves and Porter.
Score keeper Powell.
Dr. John Potts, of Omaha, Neb., left last Saturday, after spending a very pleasant week with relatives and acquaintances.

The firm of Woodward & Farthing, Barhamsville, has bought out Mr. G. L. Farinholt, of Plum Point. Misses Mildred and Mary Woodward, of West Point, have been visiting relatives at Toano and Barhamsville.

Do you need a good white cook? Apply to G. Chapman for information.

The fishing is extra good at Goddin's pond this season. W. N. Farthing has told of more "catches" already than have ever been heard of before. Come on and try it.

Everybody come to Barhamsville on Saturday, June 22, and enjoy the day. Providence Forge will play Barhamsville in the morning and Diascond in the evening. There will be plenty of refreshments on the grounds. Come up and spend the day.

MRS. EVA SAUNDERS DAVIS DEAD

Mrs. Eva Bright Saunders Davis, eldest daughter of the late Mr. and Mrs. T. D. Saunders, passed away Monday morning at 5 o'clock after an illness of several months. Mrs. Davis' health had been failing for some time, and last week she was taken to a Richmond hospital for treatment. She was so far gone that the physicians advised that she be brought back home as the end was not far off. Her mind was also affected by her suffering and her case was a particularly sad one. Death must have come as a sweet release from her painful illness.

She is survived by one sister, and five brothers, Mr. E. D. Saunders being the only brother residing in Williamsburg. The funeral took place from the Baptist church, the Rev. M. J. Hoover conducting the service, Tuesday afternoon and the burial was in the Saunders' section in Cedar Grove cemetery.

WILLIAMSBURG AND WILLIAM & MARY HAVE AGREED ON COOPERATIVE SCHOOL

CONTRACT SIGNED AND FINE FACULTY SELECTED FOR NEXT SESSION

William and Mary College and the city school board of Williamsburg have finally succeeded in getting together on the school proposition and both sides are satisfied with the arrangement which should prove highly satisfactory and result in great good to all concerned. All the old teachers were reelected, except one. The faculty is considered a strong one and is as follows:

Prof. R. C. Young, principal; W. H. Deierhol, assistant; Misses Alice Filledge, Blanche Cooley, Mary Henley Spencer, Pinkie Morecock, Grace Beale and Ellen Barnes.

Under the new system, the Model School will become a part of the Williamsburg Graded and High School, the system to be known as the Matvey Graded and High School. The Model School, under the old arrangement, was only nominally a part of the public school system of the city. The principal will have control over both the Model and Nicholson schools, the two composing the public schools.

The William and Mary normal students will now have an opportunity to observe high school work, a privilege that they have never enjoyed here before. All their work was confined to the primary grades at the Model School. The object of the college in making the arrangement with Williamsburg and bearing a part of the increased cost was to give its normal students the advantage of high school work. It was a fine thought on the part of the college and will make its already splendid teacher's course of still greater value.

ABOUT MEMORABLE CONVENTION

Below we print an extract from a letter written to the father of Mrs. George E. Beale, relative to the memorable and historical Baltimore convention of 1860, just before the outbreak of the great Civil War. The letter was written to Mr. John W. Daniel, of Middlesex by his cousin, and will be of special interest now on the eve of the convention to assemble in Baltimore next Tuesday:

Baltimore, May 18th, 1860.

Dear Cousin John:

"There has been quite an excitement in our town since last week on account of the nomination by the Constitutional Union Convention of two such conservative, union loving, patriots as Bell and Everett for the positions of president and vice-president of the United States.

"I have never, in all my life, seen a more gentlemanly and at the same time intellectual looking as well as good looking too, men, congregated in any capacity, as the members of that convention were. And their nomination has created an intense enthusiasm in our city, rivaling in feeling even that of 1840 and 1844. It seems as though Democrats were as much interested as Whigs and Americans, and I suppose there has never been larger gatherings of people than was seen on last Thursday and Monday evenings in our city."

It is now well known that not more than one case of rheumatism in ten requires and internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massaging the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by all dealers.
